The Prescription Discount Card is an easy way to save an average of 15% on brand name drugs, 40% on generic drugs and the possibility to save up to 75% on all drugs. There are no limits, so use it as often as you like. Even if your prescription costs are fully or partially covered by insurance or Medicare, this card may provide discounts on drugs not covered by your plan. Plus, this card is all you need for everyone in your family.

It's available to anyone, accepted nationwide and best of all, obtaining the card is FREE! Simply hand the card to your pharmacist and start saving.
